ARMY BULLETIN NO. 5

21 February 2002

AMMUNITION AND EXPLOSIVES AMNESTY PROGRAM (USPFO-SSD)

1. References:

- a. AR 710-2
- b. DA Pamphlet 710-2-1

2. In accordance with the references cited above, an Ammunition and Explosives (A&E) Amnesty Program is established for the New Jersey Army National Guard. The A&E Amnesty Program is intended to ensure maximum recovery of military A&E items outside the supply system. It is not intended to circumvent normal turn-in procedures. This program provides an opportunity for individuals to return A&E found, stolen, or misplaced without fear of prosecution. There are occasions in the field, even after 100% showdown inspections of vehicles and personnel, that loose A&E is accidentally carried back to the Armory. Some soldiers are reluctant to turn-in this A&E due to fear of reprisal or punishment. It is more important to gain control of these items than to have it disposed of haphazardly or stored for later use.

3. Commanders will implement the following A&E Amnesty Program that will permit all unit members to turn-in any A&E items without penalty.

- a. Brief A&E Amnesty Program policies and procedures semiannually, and prior to each exercise or training event that requires the use of A&E.

- b. Post the briefings on the unit's DA Form 1379 prepared for the date of training.

- c. The information at enclosure 1 will be completed and posted on unit bulletin boards to ensure that all personnel know the telephone number and turn-in point for A&E.

- d. An atmosphere will be established that encourages use of this program and does not intimidate soldiers or prevent them from turning in loose A&E.

- e. Loose A&E will be turned into the USPFO without documentation.

4. If, for any reason, duds are found or brought to an Armory for disposition, immediate notification to the USPFO, thru channels (see enclosure 1), is required. The USPFO will make coordination with the appropriate installation of Explosive Ordnance Disposal Detachments.

5. This Army Bulletin will serve as the State Arms and Explosive Amnesty Program and will not be supplemented.
